

# NAMAN AGARWAL

Raniganj • Lakhimpur-Kheri, 262701.  
naman.agarwal\_cs19@gla.ac.in • +91 9140321247

## EDUCATION

<b>Bachelor of Technology in Computer Science, GLA University, Mathura</b>	May 2023
<b>Intermediate, St. Don Bosco College, Lakhimpur-Kheri – 91.4%</b>	May 2019
<b>High School, St. Don Bosco College, Lakhimpur-Kheri – 95%</b>	May 2017

## INTERNSHIP EXPERIENCE

<b>ESAATHI, IIT Kharagpur, West Bengal</b> <i>Android Developer Intern</i>	Jul 2021 – Aug 2021
<ul style="list-style-type: none"><li>In this internship, I had worked on building new apk from existing apk in such a way that it can guide the user how to use it in an easiest way, making it useful for people living in rural areas who don't have knowledge about android devices.</li><li><b>Languages Used:</b> Java, Kotlin</li></ul>	
<b>ERA INTERFACES</b> <i>Android Developer Intern</i>	Apr 2021 – Aug 2021
<ul style="list-style-type: none"><li>In this internship, I had worked on <b>Medicine Reminder App</b> which reminds people to take medicine at their specified time. The reminder is added by the user only. Also developed a clone of this app in Kotlin language.</li><li><b>Language Used:</b> Java</li></ul>	

## PROJECTS

<b>ONLINE EXAM SOFTWARE</b> <i>Developer</i>	Mar 2021 – Apr 2021
<ul style="list-style-type: none"><li>Developed a JavaFX based GUI application in which there are 2 software: 1 for student and 1 for invigilator. Implemented using networking concept. Can be installed on different laptops and both the software can communicate with each other using network.</li></ul>	
<b>RESULT MANAGEMENT SYSTEM</b> <i>Developer</i>	Apr 2021 – May 2021
<ul style="list-style-type: none"><li>It is JavaFX based GUI application which maintains record of the result of students. In this project, user had to add marks and result is calculated automatically. Implemented using concept of DBMS and JDBC.</li></ul>	
<b>BANKING SOFTWARE</b> <i>Developer</i>	May 2021 – Jun 2021
<ul style="list-style-type: none"><li>A JavaFX based GUI application which can be used to do transactions, providing loan to customers, etc.</li></ul>	
<b>ATTENDANCE MANAGEMENT SYSTEM</b> <i>Developer</i>	Jun 2021 – Jul 2021
<ul style="list-style-type: none"><li>It is a JavaFX based GUI application which allows the management to add new student and mark his/her attendance. Also the user can view the attendance of the class.</li><li>Implemented by taking care of security like attendance can be done only once a day in a specified duration of time.</li></ul>	
<b>MEDICINE REMINDER APP</b> <i>Developer</i>	Jul 2021 – Sep 2021
<ul style="list-style-type: none"><li>Built using Kotlin language. It is an android which reminds people to take medicine regularly on the specified time. The app will send a notification, reminding the user to take medicine at the reminder time.</li></ul>	
<b>ACADEMIA APP</b> <i>Developer</i>	Oct 2021 - Present
<ul style="list-style-type: none"><li>Built using Kotlin language. It is an android app which can be used in educational institutions. Used to manage all the management work of schools and colleges. Admin, faculty and students have separate functions defined in the app.</li></ul>	

## **SKILLS**

---

### **Technical**

- Java, Android Application Development using Kotlin, Git and GitHub, Data Structures and Algorithm, Database, Networking, Operating System, MySQL, HTML.

### **Professional**

- Effective Analytical Skills, Ability to identify and solve problems

## **EXTRA/CO-CURRICULAR ACTIVITIES**

---

- Done certification on Java Programming Masterclass.
- Done certification on Git and Github.
- Done certification on Android Application Development.
- Coordinated Coding Heist (Coding Event, GLA).
- Attended Android Workshop by JavaPie Club.
- Taken workshop on Java.

## **DECLARATION**

---

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
